THE COLLEGE CHARCHA

MERRY
CHRISTMAS

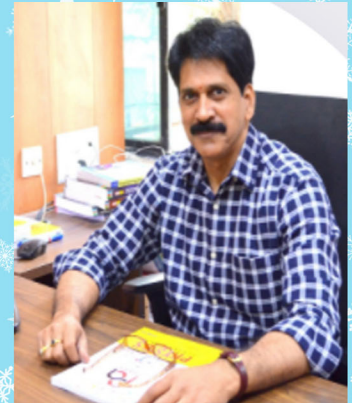

MESSAGE FROM RANGANATH SIR

Hello everyone,

This is Ranganadham Bhadriraju, the Academic Dean of KSJC presenting a brief note on

EDUCATION & FOCUSED EDUCATION

Education, fundamentally is acquiring knowledge or information or abilities or attitudes about or towards various things visible or invisible. Thing may be an object, a phenomenon, an event, etc.

We find different ways of getting educated from childhood either by observing, or by reading or by listening or through experiencing etc.

Education helps us to have a better and meaningful way of leading life.

Here I would like to highlight the **FOCUSED EDUCATION** that leads to a professional life like an Advocate, a Bureaucrat, a Doctor, an Engineer, etc.

Coming to our Area of Interest at 10+2 level : Becoming an **Iitian** or **NITian** or getting into any premier Engineering college at National Level or State Level, we need to have a channelized approach of education.

Basically, Student at 10+2 level should have or try to acquire certain qualities for being Successful in striking the target. To my Knowledge, **ATTITUDE**, **APTITUDE** AND **AMBITION** are the basic requirements.

ATTITUDE brings Disciple, Culture and Commitment.

APTITUDE brings Creative, Analytical and Out of the Box thinking ability.

AMBITION drives one closer to the Target set by an individual to themselves.

Coupled with the said qualities if a student is having a strong **GUIDING FORCE (TEACHER)** and an encouraging **PLATFORM (INSTITUTION)** then it is certain that reaching **SUCCESS** is not a distant dream.

Will continue to communicate my opinions and experiences in Academics with you through this channelThank you.

ARTICLES

In today's world it's quite hard to live without people judging you for anything we do. It's even harder for us teens who literally are trying to figure out our lives & what we wanna do in our lives.

It's ok to not have everything figured out right now. Some of us get really upset when we mess up something & are always hard on themselves. This maybe because of the stress we feel to be perfect all the time because of everyone judging us. We tend to forget to appreciate oneself for all hard work we've done and instead only dwell upon our mistakes and beat ourselves over it. One should look at it in a optimistic way and not dwell on their mistakes & instead appreciate themselves & work towards their mistakes to do better.

And I'll end ^{this} where I started ^{it} from its ok not to be perfect cause no one is. Don't lose yourself trying to be perfect. People will judge you no matter what.

I don't know the key to success, but the key to failure is trying to please everybody.

- Bill Cosby

- ADITI (JL-1)

Belief

Why must all these people
make you believe
what they believe...

The water's closing over your head
and it's hard for you to breathe.

- Prasanth
MEC

Friendship.

Lovely friendship is like standing on wet cement.
Longer you stay the harder to leave.

And if you try to go, you cannot go without leaving
your foot prints...

FRIENDS SHOULD BE LIKE....

Friends should be like two ZEROS

When you try to ADD, they are SAME..

When you SUBTRACT, they are again SAME..

But when you try to DIVIDE, it is just IMPOSSIBLE...!!

✓ ^{LIFE}
PAST is a WASTE PAPER

PRESENT is NEWS PAPER

FUTURE is a QUESTION PAPER

So, carefully read and write,
otherwise LIFE will become a TISSUE PAPER.

LIFE COMES FROM CHEMISTRY.

Life is like CHEMISTRY

We should CONCENTRATE our FRIENDS

DILUTE our ENEMIES

DISSOLVE our WORRIES

EVAPORATE our SORROWS

Then we will get CRYSTALS OF HAPPINESS...

K. Sheryl Rachel

THE PHILOSOPHER

Indestructable is the confidence in a lass,
As the gammaity which attract the mass.
As deep as the Trenches in Oceans,
Is her patience which no one seeks.
You Wouldn't know the strength of the colleen,
It's as strong as the powerful Mountain.
Her notions are as natural as breeze,
Where there is no chane to apply grease!!
A woman knows and understands her responsibility with no
Negligibility
For her child she becoms a Teacher,
If one falls sick she becoms a Doctor,
Always is your supporter,
Guides you as a philosopher,
Saves you as a fire extinguisher!!
Always Respect the women as your sister
She will become the Protector
Don't take advantage of her gesture

T. Santhu Bhoomika
JK-I.

Time
Time will not stop
not for you
not for me
So, why do you stuck back
be like time which always moves
never same, never old
never imagination, no recalls
just present is you.
- M. Sri Vaishnavi
JK-2

oh girl!
why you cry
when you can fly
the sky is high
But dont make you smile a lie
you crawl
you stand
as a crown of the sky
with shimmering shine in your eyes.
- M. Sri Vaishnavi
JK-2

God made people to be loved...
People made things to be used...

But in today's world

"Things are loved...

And

People are used...

DECEMBER'S BLOOMING TALK'S

MISS UNIVERSE 2021:

Miss Universe 2021 was the 70th Miss Universe Pageant, held on December 12 2021, at Universe Dome in Elait, Israel. Andrea Meza of Mexico Crowned Harnaaz Sandhu of India as her Successor at the end of the event. Sandhu is the first sikh women to win the Title of Miss Universe.

Student's view's:

Harnaaz Sandhu winning the Miss Universe 2021 crown was definitely a proud moment for every Indian. During the final round of the beauty pageant, she was asked "what advice would you give to young women watching?" And her answer left everyone impressed. "The biggest pressure the youth face today is to believe in themselves. Know that you are unique and that's what makes you beautiful. Come out, speak for yourself because you are the leader of your life.

You are the voice of your own. I believed in myself and that's why I am standing here". Harnaaz says that this is something she always believed in it and spoke from her heart and left me inspired and motivated.

~Surya Prabhas, KJAM, KSJC

NASA'S WEBB TELESCOPE:

NASA's James Webb Space Telescope launched at 7:20 a.m. EST Saturday on an Ariane 5 rocket from Europe's Spaceport in French Guiana, South America.

Student's view's:

This is the first time anyone has ever attempted to put a telescope this large into space. Thousands of parts had to work with precision for this marvel of engineering to fully unfurl. The engineers have accomplished an audacious feat with the complexity of this deployment. This milestone represents the pioneering spirit of thousands of engineers, scientists, and technicians who spent significant portions of their careers developing, designing, manufacturing, and testing this first-of-its-kind space technology.

~Vallabh, JL-1, KSJC

PUZZLES

1. In the number series given below, one number is missing. Each series is followed by 4 alternatives. One of them is the right answer.

6, 28, 120, 496, ____

(1) 1035 (2) 2016 (3) 2019 (4) 1234

2. A setter series is given in which some letters are missing. The missing letters are given in the proper sequence as one of the alternatives. Find the correct alternative. ____ aba ____ ba ____ ab

(1) abbba (2) abbab (3) baabb (4) bbaba

3. A term is missing as shown by question mark (?). Choose the missing term from options. eac, gce, ieg, ?

(1) jhi (2) jgi (3) kgi (4) khi

4. Arrange the words given below in a meaningful sequence,

(1) Key, (2) Door, (3) Lock, (4) Room, (5) Switch on

(1) 5, 1, 2, 4, 3 (2) 4, 2, 1, 5, 3 (3) 1, 3, 2, 4, 5 (4) 1, 2, 3, 5, 4

5. In a certain code, LAWN is written as JCUP. How will SLIT be coded in that code?

(1) QNGV (2) QJGV (3) QNVG (4) NJGV

6. Which one of them will come in the third position, if all of them are arranged alphabetically as in a dictionary?

(1) Bishop (2) Bifocal (3) Bicycle (4) Bitter

(1) Bishop (2) Bicycle (3) Bifocal (4) Bitter

7. Find out the relationship between the first two words and choose the word from the given alternative, which bears the same relationship to the third word, as the first two bear. Funk : Vitamins :: Curie : ?

(1) Uranium (2) Radium (3) Radioactivity (4) Photography

8. Find the calendar year which is going to repeat the calendar of year 2001?

(1) 2004 (2) 2013 (3) 2007 (4) 2012
